

PROJECT UPDATES

CDP Projects are back in full swing after Covid Restrictions impacted participation. With Covid Restrictions lifting across the Northern Territory, it is great to see people coming together again.

A number of clients are regularly getting involved to support their communities, learning new skills, making and building items.

We are always looking for new projects, training or activities to support our communities and we welcome input and feedback. Visit any one of our offices and talk to the team about your ideas.

Santa at the Rock

Santa had a little help in the delivery of presents in Mutitjulu in the way of a big Orange tri-motorbike. Santa had a police escort to ensure this path was clear. Everyone had a wonderful afternoon with smiles on all the children's faces when Santa came Roaring into town.

Mutitjulu

Mutitjulu Shelter seating is now completed with a big thank you for their support of Thalia MCAC CEO and Werner MCAC housing. Now the community has another space shaded with great seating to use.

Mutitjulu cleans up around the office after all the big storms. With the wet weather and big winds in the region, the office surroundings needed a clean up, including removing the shaded area due to damage. The place is looking good and safe again.

Docker River

Christmas at Docker River, the team went out and supported the community with spreading Christmas cheer including having the puppy dressed as Santa's little helper.

The UBD Upsize project

is coming along well with car bonnet signs being placed in town camps; the artwork is amazing.

Ali Currung

Facelift in Ali Currung for the office and the ladies' activity space.

The office is more open and welcoming, and as the picture shows, the car bonnet project is coming along well, with ladies engaging with painting, cooking and computer skills.

Elliot

The Elliot team is putting on a BBQ to thank the participants for supporting the community with small projects around town, such as helping with rubbish removal, working at the cemetery, growing vegetables to share.

Tennant Creek Mens

The gentlemen at Tennant Creek Men's hub have been learning new skills with building items from go-carts for their children and building dog houses too.

Some of the guys even repaired the activity door, which was damaged by water.

Tennant Creek Ladies

The Ladies have been cooking up a storm with yummy pancakes, which they have been sharing with the great Saltbush Team at Karguru Centre.

They have also been learning sewing skills and taking time out to complete a group jig saw puzzle.

On International Womens Day, the Ladies activity threw a morning tea for participants. It was a self-care pamper day which included face masks and getting their nails done.

“ I will forge positive visibility of women. ”

COMMUNITY SUPPORT

Hats for Kids

RN donated over 20 hats to the Tennant Creek primary school who are providing hats to children who didn't have one to ensure they kept sun-safe when playing outside.

Supporting The Mob

RN donated headstone moulds to "The Mob" Head Stone Project. The Mob is doing a wonderful job supporting over 200 headstones in the Barkly region. The Project allows Families to create and design their own Head Stone. The participants have completed many different training courses through this project. Cementing, Health and Safety, Chemical Spraying & Cert I in Business.

Helping Communities

Everyone has been hit with Covid restrictions, and RN knows it has been hard for the small communities in the Barkly. we are dropping off food parcels to help out and let our clients know we are thinking of them, and we are here to help where we can, including providing some schools with supplies.

COMMUNITY SUPPORT

Helping out a small community School.

The Mungkarta school received funding for a school garden project but needed help with getting the dirt delivered. RN was able to arrange for two pallets of potting mix for the school's garden project to be taken out. Two gentlemen and the young boys at the school made short work of loading with our Regional Coordinator.

We donated seeds of vegetables, herbs and flowers, and garden hand tools to the project. In addition, each child a dental kit of a toothbrush and toothpaste.

The teacher and students were so happy for the support and the extras.

NEED A LITTLE HELP?

The Team in Tennant creek has clothing available to support our clients to look their best for interviews or just need to feel good with something different.

With Covid, we all can do with a little pick me up.

We welcome any donations

We welcome your feedback and are always looking for partners to support our communities

www.rnemployment.com.au

RN acknowledges the traditional owners of country throughout Australia and recognises their connection to land, water and community. We pay our respects to elders past, present and future to come
