Update on Pathway to Real Jobs - Trial

We have partnerships in place with service businesses in all three regions RN Employment is operating out of in Central Australia. All the partnerships where job seekers are employed by the partners, they are paid real wages, not top up money. The current projects are with:

Arlpwe Arts

Mutitjulu Community Aboriginal Corporation & Gumlake MCAC

PROJECT UPDATES

Supporting Communities

The Elliott/Marlinja teams have been supporting the communities with request of cutting grass and removing rubbish as the community is overgrown with long grass from heavy rains and with some warm weather too have seen snakes on the move. RN has assisted the community art centre, post office and several elderly members to cut grass areas and remove rubbish as needed and will continue to support Elliott and Marlinja the best way possible.
